

TAKE FLIGHT WITH THE ACE ACADEMY

The Indianapolis Aviation Career Education (ACE) is a summer aviation program. The academy offers an interactive introduction to the aviation industry and careers to middle and high school students.

The purpose of the academy is to introduce youth to the world of aviation by exposing them to the many challenging careers and opportunities the industry has to offer. Students will have the opportunity to interact with active professionals, receive career mentoring, take several field trips, and see how professionals perform in their roles. The academy will conclude with students taking an orientation flight.

The ACE Academy is a nationally recognized program co-sponsored by the Federal Aviation Administration (FAA).

**EXPLORE AND LEARN
THE WORLD OF AVIATION** through:

- ➔ **Science**
- ➔ **Technology**
- ➔ **Engineering**
- ➔ **Flight!**

The overall goal of this program is to provide insight and hands on experience for students to learn aviation history, fundamentals of aerodynamics, and the various careers in the aviation industry.

The objective of an Indianapolis ACE Academy is to introduce students to individuals and careers, which will be instrumental in changing the economic outlook for their families for generations to follow. The curriculum is designed to provide students with an environment that enables them to develop “life skills” essential to being successful in their aviation career.

REQUIREMENTS:

The Indianapolis ACE Academy is open to eligible students ages 10 through 18 years old, who have a desire to learn about aviation. Applicants are selected based on age, cumulative GPA, and recommendations:

- ➔ **An interest in the field of aviation**
- ➔ **An accredited educational institution** (Homeschooled students are accepted)
- ➔ **Have maintained a 2.5 GPA or better** Special circumstances will be reviewed by the director
- ➔ **Must be physically capable of participating in academy activities**
